

ORGANIZATIONS AND INSTITUTIONS - FULL MIND MAP

Topic-wise | Hinglish | SSC / BPSC / BSSC / Railway

Topics in this chapter:

1. Indian Antarctic Research Stations
2. Environmental Institutes & Mission-year Matching
3. CAZRI, Ecology Institute & ENVIS Centres
4. Kailash Sacred Landscape Initiative
5. Forest, Grassland & Ocean-information Institutions

1. Indian Antarctic Research Stations

- India's first Antarctic Research Station - south gangotri Antarctica mein located India ka pehla research basis centre hai. abhi iska use apurti basis (supply base) aur paragaman shivir (transit camp) ke roop mein kiya jata hai. [Q1]
- Indian Research Station in Antarctica - south gangotri Antarctica mein located India ka pehla scientific basis centre tha, jo Indian Antarctic program ka hissa tha. yeh south dhruv (Pole) se 2,500 kilometar (Kilometres, lagbhag 1,600 mil) ki duri par located hai. [Q2]
- Bharati India dwara operated (Commissioned) ek Antarctic research centre hai. yeh India ki tisari Antarctic research suvidha hai aur maitri ke saath do sakriy research kendron mein se ek hai. [Q3]
- Bharati and Maitri - ek sadharan shuruat ke baad Indian Antarctic program ne Antarctica mein south gangotri, maitri aur bharati namak teen sthayi research basis centre banaye hain. abhi India ke do parichalan research centre - maitri aur bharati - hain. [Q4]

2. Environmental Institutes & Mission-year Matching

- sansthanon aur unke sahi place is type hain: national nutrition institute - haidarabad; Indian wild life institute - deharadun; national ayurved (Ayurveda) institute - jayapur; national natural chikitsa (Naturopathy) institute - pune [Q5]

EXAM TRAP climate change par national karyayojana year 2008 mein jari hua, lekin usaki sabhi alag-alag Mission ke liye ek hi type ka legal roop se fixed "aranbh year" applied nahi hua. NMEEE ke kriyanvayan ko 2010 mein svikriti mili, jabki national water Mission ke vistrut Mission dastavez (Document) ko 2011 mein manjuri mili. NMSHE aur national Mission ke liye sustainable agriculture bhi alag-alag svikriti, Mission-dastavej aur kriyanvayan charanon se gujare; isliye different official abhilekhon mein related year alag context mein a sakte hain. sawal yeh clear nahi karta ki "aranbhik (Starting) year" se announcement, svikriti, Mission dastavez (Document) ya vastavik kriyanvayan mein se kya abhipret hai; isliye maujuda vivadit chihn (*) surakshit rakha gaya hai. [Q6]

- Galat kathan: Indian Institute of - Kolkata Forest Management; Indian forest management institute bhopal mein located hai, kolakata mein nahin. baaki pair sahi sumelit hain. [Q7]

3. CAZRI, Ecology Institute & ENVIS Centres

- Jodhpur - ICAR-central dry area research institute (CAZRI) jodhpur mein located hai. ise 1959 mein Indian parishad ke agriculture research, nayi Delhi ke tahat central dry area research institute ke roop mein unnat kiya gaya. [Q8]
- Jodhpur - erosion process ko rokane aur resources ke scientific aur sustainable management ke liye 1952 mein jodhpur mein marusthal vanikaran research centre established kiya gaya. ise baad mein 1957 mein marusthal vanikaran aur soil conservation centre ke roop mein vistarit kiya gaya aur antatah 1959 mein Indian parishad ke agriculture research, nayi Delhi ke tahat ICAR-central dry area research institute (CAZRI) ke roop mein unnat kiya gaya. [Q9]
- New Delhi - Indian Ecology aur environment institute, nayi Delhi ki establishment world environment day ke avasar par 5 June, 1980 ko hui thi. [Q10]
- New Delhi - Indian Ecology aur environment institute, nayi Delhi ki establishment world environment day ke avasar par 5 June, 1980 ko hui thi. [Q11]
- I.I.P.S. Mumbai - environmental suchana system (ENVIS) ka 'centre par population aur environment', international institute ke liye population science (IIPS), munbai mein located hai. [Q12]

4. Kailash Sacred Landscape Initiative

- India, China, Nepal - "kailash pavitr paridrishy conservation aur development initiative" (KSLCDI) India, chin aur nepal ke beech cooperation hai. [Q13]

5. Forest, Grassland & Ocean-information Institutions

- sahi matching is type hai - forest research institute - deharadun; Indian ghasabhumi aur chara (Fodder) research institute - jhansi; central dry area research institute - jodhpur; Indian agriculture research institute - nayi Delhi [Q14]
- Hyderabad - Indian national centre ke liye ocean suchana sevaen (INCOIS) haidarabad mein located hai. iski establishment 1999 mein Earth science Ministry ke tahat ek svayatt nikay (Body) ke roop mein hui aur yeh Earth system science organization ki ek ikai hai. [Q15]
